 Flat no. 6 panchasheel park
Ganpati marg nigdi pune -44

Hard Skill

- Web Development(HTML,CSS,JavaScript)
- AI and ML
- Python
- Sql & Mongo DB
- c++

Soft Skill

- Observation
- Decision making
- Communication
- Multi-tasking

Education Background

- Bachelor (currently studying at)
Dr. D Y patil institute of technology pimpri
Avg CGPA (8.4)
- HSC
Dr. D Y Patil ACS junior college -akurdi
Marks - 86%
- School (SSC)
ST.Jude School -dehuroad
Marks -76% passing year 2019

About Me

I am a dynamic and results-driven professional with a passion for technology and innovation. My expertise lies in the intersection of artificial intelligence, machine learning, and web development, as evidenced by successful projects such as a fire extinguisher robot and an AI-based book recommendation system. With a proven track record, I consistently strive for excellence, as demonstrated by achieving the top rank in the internal hackathon for web development.

Project

1.Fire Extinguisher Robot

- Developed a robotic system for automatic fire extinguishing.
- Implemented sensor integration and real-time decision-making algorithms.

2.Game Development with C++ and Graphics Library

- Designed and implemented a graphics-intensive game using C++.
- Showcased proficiency in graphics programming and game development.

3.Book Recommended System using AI

- Created a recommendation system utilizing cosine similarity in artificial intelligence.
- Applied advanced algorithms to enhance book recommendations based on user preferences.

4.Bert and NLP Auto Text Generation

- Implemented natural language processing techniques using BERT for automated text generation.
- Demonstrated expertise in advanced NLP models.

Achievements

Ranked 1 in Internal Hackathon - Web Development

- Demonstrated exceptional skills in web development.
- Led a successful project, contributing to the team's victory in the hackathon.
